Puerto de la Duquesa

DELIGHTFUL AMBIANCE

The design of this villas is modern and fresh. The horizontal lines, parallel to the sea, create a simetrical shape, while the vertical lines break that simetry and give movement to the villa. Set on 2 levels, this spacious Costa del Sol villa is going to be built using only the finest materials throughout.

DREAMS DO COME TRUE

The ceilings of the first floor subtly cover the terrace shared by all the bedrooms, allowing light to enter conveniently according to the time of the day and the season. The villa has been designed to maximise the indoor-outdoor flow that is so essential for tropical living.

LIVING THE LUXURY

Water is used as another building material. It makes the space look wider and smooths the house with the environment. This villa has been designed using the latest techniques to have an ecological and low maintenance building.
